Our company

Real PVC is a Company with 100% Brazilian capital, with headquarters located in Timbó, in Santa Catarina State.

Founded 16 years ago, our focus is manufacture products by PVC extrusion such as lining profiles, accessories and partitions, doors, skirting boards, moulding, flexible corrugated conduits, smooth polyethylene hoses. Additionally, we fabricate injected products such as square and octagonal light boxes, corner bracket and other accessories that complete the line of coverings and skirting boards available in many colors compatible with our portfolio.

All products are developed and manufactured by a specialized and trained team according to ABNT Technical Regulation, certified by AFAP & ASFAMAS based on NBR-14285 & NBR 15465 belonging to a industry association (7 AFAP & 10 ASFAMAS), in addition to having a specialized area for the development of new products and processes, with our own laboratory, resulting high quality products and technical reliability.

Real PVC is always in a continuous process of growth and improvement of its human and physical resources, guaranteeing the quality and reliability of its products.
